Ministry of Education (MOE)

The well-being and future of our nation depend on our people’s commitment to the country and community, their willingness to strive and persevere, and their ability to think, achieve and excel. The Ministry of Education (MOE), through Singapore’s education system, nurtures our next generation in these areas.

By working at MOE, you can help shape our nation’s future by moulding the people who will determine it. Help our students discover their talents, realise their potential, and develop their passion for lifelong learning. Join Us!

**Education Officer / Teacher**
The teaching profession is an exciting and enriching career with varied fields of excellence that caters to individual talents, abilities and aspirations.

- The Teaching Track allows you to thrive in the classroom while advancing to the levels of Senior Teacher and Master Teacher.
- The Leadership Track grooms leaders such as vice-principals or principals in schools and deputy directors or directors in the Ministry Headquarters.
- The Senior Specialist Track enables to focus on research or work in specialised areas.

**Allied Educator (Counselling)**
The Allied Educator (Counselling) plans and implements school-wide counselling programmes, provides counselling for students, as well as case consultations and training to school personnel and parents. Outstanding officers can look forward to higher appointments of Senior and Lead Allied Educator (Counselling), as well as taking up superscale positions at Ministry Headquarters.

**Management Executive**
As a Management Executive, you will gain exposure to and skills in various facets of organisational administration, such as policy planning and implementation, finance and human resources. In critical functions such as school infrastructure development, talent recruitment and curriculum planning, you will help enhance the robustness of our education system.

Management Executive Officers with high potential will be groomed as leaders in positions such as vice-principal (administration), assistant director, deputy director and director. You can also look forward to upgrading with postgraduate studies with an MOE scholarship or award.

Join us if you are passionate about making a difference. More information is available at [www.moe.gov.sg](http://www.moe.gov.sg).
